## Is it time for a Management Company?

Volunteers are vital to make SpringPointe run smoothly. Are you an active member or just satisfied to live in our development? There are many areas where your help is needed. Last year, the SPHOA Board was composed of five directors instead of the required six.

Consider running for a Board position or serving on a committee. Involvement is the winner in the volunteer game.

A management company could do the head, arm and leg work while the Board directs and requests services. This gives Board members more free time. There is less stress because the job load is lighter. Management would ensure continued services during the summer months when our snowbirds leave for cooler climates.

However, there is a catch and the catch is cash. A management company is expensive. This would mean paying more dues.

More volunteers could do the job. Is it your turn to volunteer?

**Notify any Board member about your volunteer interests.**

## Urgent Care in Green Valley

How many times does a non-emergency health problem happen on the weekend? Too many times is the probable answer. Woe to the person who is ill on the weekend.

No one wants to wait hours in an emergency waiting room or drive to Tucson when you do not feel well. Now, we do not have to stress or fret about a lack of urgent care. Green Valley has not been forgotten. Dispatch Health has come to our rescue.

I can personally vouch for this service that I used in November. A technician and nurse practitioner came to my house on a Sunday. They were able to do testing and write a prescription for my health problem. Dispatch Health accepts most insurances. The cost is comparable to other Urgent Care services. You will need to make an appointment. They are open 7 days a week from 8AM—10PM.

## GVC

The Green Valley Council is the voice that represents Green Valley. We live in an unincorporated town which means the county makes decisions a mayor and town council would make for an incorporated town. Luckily, there is a very good working relationship between GVC and Pima County. The county listens to GVC.

Member HOA's send their representative to attend meetings. There is a visitors area for interested homeowners. You do not need to be your HOA representative to attend a meeting. The next meeting is January 20 at 8:30 AM in the Desert Hills Recreation Center.

The police department reported 22 DUI problems during the month of November. The current big scam are gift cards that are hanging on a display rack. It is mainly cash cards or cards for ordering products from a company such as Amazon. The scammer obtains the number on the card, waits until it is validated, and then quickly spends the card value.

Be careful when buying gift cards or drinking and driving! - *KMV*

## Meet SpringPointe's Pets

They are a part of our life...They contribute to our daily joys...They are the pets of SpringPointe.

*by Sylvie Robertshaw*

Today for the first of, we hope, a long series, we introduce you to Sadie. Sadie lives at 1764 Rio Mayo with Joanne and Rich Griffiths.

### We asked five questions about Sadie.

#### **Why did you name your dog Sadie?**

R: It's a popular name for dogs we found on the internet six years ago when we adopted her and we both liked it.

#### **Where did you adopt Sadie?**

J: At the Humane Society of Nogales, Arizona.

#### **How old is Sadie?**

J: I think she's 8.

#### **Is Sadie a good traveler?**

R: Her first trip was to the Grand Canyon and she behaved very well. Last spring we took her to Wisconsin. Three days in the car one way...No problem.

#### **What does Sadie think of SpringPointe?**

J: She thinks that SpringPointe is the best place in the world to be a dog! **Woof-Woof**...What better answer could we ask for?

Sadie relaxing with Rich and Joanne in her Rio Mayo cul-de sac.

If you are interested in having your pet(s) featured in our next newsletters, please contact Sylvie Robertshaw at 520-305-3320 or [robon88@hotmail.com](mailto:robon88@hotmail.com)
